

REPORT ON THE IMPLEMENTATION OF THE RESOLUTIONS
PROPOSED BY JAPAN AND ADOPTED DURING
THE 29th APPF ANNUAL MEETING

-Report by the Japanese Delegation-

Pursuant to Article 32 of the New APPF Rules of Procedure, the Delegation of the National Diet of Japan to the APPF hereby reports on the status of action for the resolutions sponsored by Japan and adopted at the 29th APPF Annual Meeting in December 2021.

Japan sponsored the following two draft resolutions to the 29th Annual Meeting:

- (1) Achieving Denuclearization and Peace on the Korean Peninsula
- (2) Economy and Trade

At the final plenary session of the Annual Meeting, the two resolutions stated above were adopted after consolidation with and examination of similar draft resolutions submitted by other parliaments.

After the Annual Meeting, the Delegation of the National Diet of Japan to the APPF reported to Japanese Diet members and others regarding the adopted resolutions and other achievements by compiling a detailed report about the 29th Annual Meeting.

We intend to continue making efforts toward the application of resolutions adopted by the APPF Annual Meeting not only in national politics but on a wider scale in international society.
